MONTEREY HAS BEEN CAPTURED

Message Sent to Insurgent
General From His Chief
of Staff

VICTORY CONFIRMED

Federal Relief Forces Also De-
feated at Lajitas—Mexico
City Claiming Victory.

Brownsville, Texas, Oct. 25.—
"Monterey has been captured." This
was the message received today by
Constitutionalist General Lucio Blan-
co at Matamoros, opposite here. It
came from his chief of staff, Major
Mujica, who is today at Reynosa,
sixty miles from here, on the railroad
line to Monterey.

Report Confirmed.

El Paso, Texas, Oct. 25.—Confir-
mation of the fall of Monterey was
received today by the rebel junta here
in dispatches. The city was surren-
dered at noon Friday, after desperate
street fighting in which the federal
troops were driven back. The
dispatches said that Federal
Generals Maas and Telles, with their
joint forces, who were hurrying to
the relief of Monterey, were defeated
after a severe battle at Lajitas by
Augustin Castro.

Federals Claim.

Mexico City, Oct. 24.—In spite of
official reports of a federal victory
at Monterey and the entire rout of
the rebels, no confirmation is obtain-
able from other sources.

THEATERS

"BLUE MOUSE" CLOSING TONIGHT.
Tonight's performance of the "Blue
Mouse" at the Ogden theatre will
close that remarkable bill. The "Blue
Mouse" has played to the largest au-
dience of the season and has proved
a decided hit. Filled as it is with
funny scenes and delicate situa-
tions, it entertains almost to ex-
cess. The stylish and bold strength
shown by Miss Myrna Loy.

have occasioned much comment and
admiration for their beauty and free-
dom.

"The Blue Mouse" will be followed
Sunday by "The Fatal Wedding," one
of the greatest melodramas ever writ-
ten. This bill should prove a happy
choice. It is written for the people
and has a wonderful heart interest.
"Little Casey," the clever little actress
will handle the largest part ever writ-
ten for a child. "Little Casey" is but
8 years old, yet she can handle parts
that take the memories and abilities of
an adult. In this play her part is
forty typewritten pages in length and
is a wonderful feat to carry in a sin-
gle week's preparation.

CHICAGO GRAIN

Chicago, Oct. 25.—Although wheat
today showed a tendency at first to
ease off, the market afterward stead-
ied on account of the relative weak-
ness of cables. Opening prices were
1-8c to a like amount up and the mar-
ket, after a slight decline, held around
yesterday's close.

Corn rallied with wheat and because
of predicted stormy weather, the mar-
ket started unchanged to 1-8c up, eas-
ed temporarily and then reacted to
the same figures as the previous
close.

Dealers in oats appeared to be
guided almost wholly by the course
of other grain.

First sales of provisions were 2 1-2
to 7 1-2@10c up and some further gain
was scored.

The wheat close was steady, 1-8c
lower to a shade higher compared with
last night.

An additional upturn in corn en-
sued and there was a firm close, 1-4
to 3-8@1-2c net higher.

As a result of the arrest and con-
fession of D. W. Reardon, charged
with breaking into a Rio Grande box
car in the local yards on October 17,
J. Isikuri and J. Wada, two Japan-
ese, and Gus Cutrubus were arrested
last evening on charges of knowl-
ingly purchasing stolen goods.

J. Wada forfeited \$50 bail in po-
lice court this morning when the
answer was read and he did not
appear. Isikuri is in jail as a re-
sult of his inability to secure bail
money and Gus Cutrubus is out on
\$50 bail.

The arrests were made by Thomas
Burg, Rio Grande special agent, and
Sergeant O. H. Mohlman. It was
stated today that other arrests prob-
ably will follow.

No formal complaint has been
issued against Reardon, but it is prob-
able that the county attorney will
file one today.

BAZAAR NETS SEVENTH

WARD SNUG SUM

OF \$1,000

Over \$1000 was netted by the ba-
zaar given in the Seventh ward meet-
ing house during the last three days
and the committee in charge and the
membership of the ward are highly
pleased as a result. Most of the
business houses made generous dona-
tions and the members of the com-
mittee desire to thank those who
contributed.

The finals in the popularity con-
test which was a feature of the af-
fair follow:
First, Louise Delamater, 4405
votes; second, Edith Reed, 3245
votes; third, Reta Cross, 2605 votes;
fourth, Mrs. Florence Jones, 2435
votes.

NINE MONSTER SHIPS LEAVE

Pick of American Navy Starts
on Mediterranean Cruise
From Hampton Roads.

FINAL INSTRUCTIONS

Big Steel Ships Pass in Review
Out to Sea — Farewell
Salutes Fired.

Hampton Roads, Va., Oct. 25.—Mes-
sengers bearing the dignity and pow-
er of the United States, nine monster
battleships, took their leave today of
the shores of America for the Medi-
terranean. Grim in the dull gray
paint of their sea cloaks, the war
machines nodded a final farewell on
the swelling tide of Hampton Roads,
while the captains of the fleet headed
by Rear Admiral Charles J. Badger,
received their last instructions and
farewell from Assistant Secretary of
the Navy Roosevelt.

BIG TURKEY TROT FOR THANKSGIVING

Washington, Oct. 24.—Grim visaged
officials of the war department shook
their heads today when told that
upon their co-operation depended the
success of a big turkey trot party
down in Cuero, Tex.

It happened this way: The "trot"
set for November 18-21 is to be so
mammoth a frolic that hundreds of
natives with fine Thanksgiving birds
are going to swarm Cuero from the
countryside. Accordingly the war
department was asked to loan 400
to 500 army coats on which out-fitted
troopers were sent between trots and
on which overfed Thanksgiving
celebrants likewise might find re-
pose.

The coats are in the custody of the
adjutant general of Texas just now
and the war department's permission
is all that is necessary to start them
towards Cuero. The matter is under
consideration.

STUDIES SCARLET FEVER AND DIES

Philadelphia, Oct. 25.—Anxious to
study scarlet fever at close range so
that she would be able to recognize
that symptom when she encountered
it, Dr. Edith E. Keisker, a school
physician, contracted the disease
herself and died in the municipal
hospital yesterday. She had visited
the hospital last week to observe
children who were suffering from
the fever. A few days later she was
admitted as a patient, having con-
tracted the scourge while on her
search for knowledge. She was the
wife of Frank H. Keisker, an archi-
tect, to whom she was married more
than a year ago. She was the moth-
er of a four-months-old child.

PANAMA NOT GIVEN TO VIOLENT QUAKES

Washington, Oct. 25.—Little dan-
ger, if any, to the Panama canal, ex-
ists from earthquakes, in the opin-
ion of Dr. F. A. Torndorf of George-
town university, a recognized author-
ity on seismology. In a published
statement today he takes exception to
the alarmist views of certain sci-
entists. He cannot see that the con-
fession of the earth at Panama can
lead to the conclusion that the earth
convulsions are to be feared.

"I do not believe there is any pos-
sible danger to the canal from earth-
quakes," said Dr. Torndorf. "I base
this claim mainly on the past history
of the isthmus of Panama, which
shows that it is free from earth-
quakes. There have been serious
disturbances in the Pacific to the
south of Panama and in certain is-
lands of that ocean, but there is noth-
ing to indicate that Panama itself is
subject to earthquakes."

The recent tremors felt in the
canal zone, Dr. Torndorf believes,
were merely reflection of violent dis-
turbances elsewhere in the Pacific
ocean.

YOUNG WOMAN PAID TO COMMIT PERJURY

Chicago, Oct. 25.—Mrs. John C.
Henning took the witness stand to-
day in the trial of Daniel Donahoe
and Isaac Stiefel, who are alleged
to have conspired to defame Clarence
S. Funk, former general manager of
the International Harvester company.

Mrs. Henning, an attractive young
woman, testified that she was paid
by Donahoe for her part in the dam-
age suit brought by her husband,
charging Funk with alienating her
affections.

CASHIER FATALLY WOUNDED

Addison, Ill., Oct. 25.—Assistant
Cashier Edward Rotersund, of the
Addison State bank, was probably
fatally wounded here today by an
automobile bandit who fled toward
Chicago in a yellow runabout after
compelling Cashier E. W. Fischer to
give him the contents of the cash
drawer, about \$100.

ARRESTS BEING MADE IN MEXICO

Former Minister of War and
Madero Relatives Charged
With Conspiracy.

TROOPS HELD READY

Indications of Possible Trou-
ble—Maderos Sent to Pris-
on to Await Trial.

Mexico City, Oct. 25.—General Don
Jose Maria Servin, former chief
of staff of General Mondragon, while the
latter was minister of war, was ar-
rested today on a charge of being con-
cerned in a plot to create a distur-
bance in the federal capital on the oc-
casion of the elections tomorrow.

Manuel Madero, a cousin of the late
President Francisco Madero, was ar-
rested today at Saltillo on account of
his alleged connection with a recent-
ly discovered plot in that city against
the federal government.

Daniel and Evaristo Madero, also
relatives of the late president, who
had been previously arrested, are re-
ported to have reached Tampico. They
will be sent by boat to Vera Cruz,
where they are to be confined in the
old prison of San Juan de Ulua pend-
ing their trial on charges of sedition.

CONGRESS HALL RE-DEDICATED

Building Where Congress
First Met Restored to
Original Appearance.

PRESIDENT'S ADDRESS

Military Service Pennsylvania
National Guards and Patriot-
ic Societies in Line.

Philadelphia, Oct. 25.—Congress
Hall in Independence Square, the
building where congress met from
1790 to 1800, was re-dedicated today
after having undergone restoration
to almost its original appearance. The
president of the United States, the
vice president, the chief justice and
associate justices of the supreme
court of the United States, members
of the senate and house of repre-
sentatives; ambassadors from foreign
lands; governors of the original thir-
teen states, and leading citizens of
Pennsylvania and Philadelphia par-
ticipated in the ceremony.

The spectacular feature of the cel-
ebration was a big parade in which
was represented the two arms of the
national military service, the Penn-
sylvania national guards, and patri-
otic societies whose members are
descendants of those who helped,
either on the field of battle or in leg-
islative halls, to found the American
government.

TELEGRAPH LINE HAS 120 MEN PLACING POLES FOR WIRE

With 120 men engaged in placing
poles and stringing wires, the new
line of the Western Union Telegraph
company, from Corning Junction to
Lucin, will be completed about
Christmas, according to J. W. Gras-
se, inspector of the work who is in
Ogden today.

Mr. Graspe states that the com-
pany is undecided what to do in re-
building the line between Ogden and
Corning Junction for the reason that
it is not known which road will take
the Central Pacific. If the Union Pa-
cific retain control of that road, it
is the intention of the railroad com-
pany to place that part of the line
around the lake in condition for
service. If the road is improved, Mr.
Graspe stated that the Western Un-
ion will adopt another route—prob-
ably along the Short Line tracks to
Brigham and thence to Corning Jun-
ction.

Nearly all poles for the new tele-
graph line have been placed and the
wire stringing is going on rapidly.

When the new line is in working
order, all wires of the company
across the cutoff will be removed
with the exception of two wires for
train dispatching.

TEMPERANCE MASS MEETING

Tomorrow at 3 o'clock in the lec-
ture room of the Methodist church a
temperance mass meeting will be
held, conducted by Miss Lena Lane
and Miss Harriet Atchinson, grad-
uates of the Chicago training school.
Everyone interested in the temper-
ance movement is cordially invited
to attend.

RESCUE WORK IS ABANDONED

Large Quantities of Carbon
Dioxide in Dawson Mine
Force Retreat.

MORE TRAINED MEN

Men Will Be Found Dead
Is Unanimous Opinion of
Mine Experts.

Dawson, N. M., Oct. 25.—Three fires
in the wrecked State of Canon mine No.
2 were reported shortly after noon to-
day. Government helmet men were
withdrawn from other points of the
mine and set to work fighting the
flames. Late reports stated that two
of the fires were under control.

The recurrence of large quantities
of carbon dioxide in mine No. 2 this
morning retarded the progress of the
helmet men in their exploration of the
workings. At 4 o'clock the effort to
bring out bodies was temporarily
abandoned, and the rescue forces turned
their attention to securing ventila-
tion. At that time seventy-three
bodies had been recovered. Twenty-
three remains the total number of mi-
ners rescued alive, and hope of find-
ing more has practically been aban-
doned.

Helmet crews, each headed by gov-
ernment men, are proceeding with ex-
treme caution in an attempt to reach
the division between chambers 18 and
19, beyond which many bodies are sup-
posed to lie. Poisonous gases, how-
ever, forced them to retreat this morn-
ing.

When the gas drove the rescuers
from the east high line, they turned
their attention for the first time to
the west high line, where it was re-
ported that bodies had been found in
chambers 20 and 21. Until this morn-
ing it was believed that no men were
working in that portion of the mine
at the time of the explosion.

The arrival of a second government
car early this morning greatly ex-
pedited the rescue work placing on the
ground an additional number of effi-
ciently trained men.

LOCAL ELKS TO RUN AN EXCURSION TO PARK CITY

Arrangements were completed last
night by a committee of Elks for a
special excursion to Park City Sunday,
November 2. Through Agent F. F.
Fouts of the Denver & Rio Grande,
a special train has been chartered for
the Elks of Ogden and Salt Lake and
their friends. The train will leave
Ogden at 9 o'clock Sunday morning
and will return about midnight, the
same day.

"See Utah First" is the slogan that
has been adopted by the local lodge
of Elks and it is the intention of the
lodge to conduct excursions to points
of interest in the state. Park City
was selected at this time by the com-
mittee because of the opportunity of
visiting some of the largest and rich-
est silver mines in the world. The
excursionists will be taken over the
most interesting of the mining prop-
erties and it is probable that an ex-
cursion will be made down the shaft
of one of the mines.

The Elks lodge in Park City is plan-
ning to entertain the visitors royally.
The committee in charge of the ar-
rangements consists of the following:
Harold Packer, chairman; W. E. San-
derson, Walter Dean, Rex Kelly and
W. G. Hoggan.

DERRICK FOR STEEL WILL BE PLACED IN POSITION

W. A. Larkins of the Binwiddie Con-
struction company states that the
straight arm derrick for handling steel
on the Eccles skyscraper, will be
placed in position, on the top of that
part of the building which has been
completed, the early part of the next
week, the steel work to begin on Mon-
day.

The steel is on hand, and Mr. Lar-
kins says that it can be placed in po-
sition in three weeks, at the end of
which time other construction will be-
gin. Excavating for the basement
of the annex will be completed early
next week.

LOVE LETTERS ARE SENT TO WIDOWS

Following a complaint yesterday af-
ternoon that a "mousing" letter had
been received through the mails, Post-
master W. W. Browning investigated
and found that several widows of the
city had received during the week

love letters signed by R. B. Fikes. At
least a half dozen letters, expressing
great love and affection, have been
accounted for and the postmaster does
not know how many more have been
sent to widows, each of whom prob-
ably thinks that she alone had been
singled out for attention. What is
more, the postmaster knows who the
writer is. At least he knows who one
R. B. Fikes is. When the matter was
brought to Postmaster Browning's at-
tention, he inquired of the clerk in the
general delivery window and was told
that a man giving the name of R. B.
Fikes called regularly for mail and
received an abundance of it.

Here is an example of his efforts:
"My Beloved Angel—How I would
like to pour my heart out to you. I
have watched you, followed you about
the streets until I am wild with a
desire to clasp you in my arms for a
fond caress and loving kiss. I am a
bachelor, but I can explain that I have
ideals. To you are the fulfillment
of that ideal. I could make you, oh
so happy, if you would but consent to
be my bride. I have wealth and am
capable of doing hard work should
that be necessary to keep the wolf
from the door. I am certain that the
wolf never will get near our door,
dear. I love you—ye gods, how I love
you. (Signed) R. B. FIKES."

It is said that some of the letters
sent by Fikes make appointments but
that Fikes has failed to keep such
dates.

General Diaz did not decide im-
mediately to comply and no effort was
made this morning to force him to
accept the invitation.

Colonel Manuel Vidaurrazaga, sec-
retary to the Mexican minister of
war, arrived here on a special train
with the invitation, which was prac-
tically an order for Diaz to accom-
pany him to Mexico City.

Huerta's letter urged Diaz to come
to the federal capital notwithstanding
"the invitation" which was signed per-
sonally by Huerta.

Whether Colonel Vidaurrazaga
bore orders to arrest General Diaz
was not known this morning. Diaz
did not deliver a formal negative an-
swer to Huerta's invitation.

Huerta's letter urged Diaz to come
to the federal capital notwithstanding
"the invitation" which was signed per-
sonally by Huerta.

It was written in affectionate terms
and bore no resemblance to an offi-
cial command.

Colonel Vidaurrazaga's instructions
apparently indicated the necessity of
his returning to the federal capital
today with a reply from Diaz.

Washington, Oct. 25.—No official
dispatches had reached here today
from Vera Cruz regarding the sum-
mons of General Felix Diaz to Mex-
ico City. It is the official opinion
that it will be many days before the
results of the elections tomorrow
can be announced, owing to the
demoralization of communication.

Philadelphia, Oct. 25.—Senator Ba-
con, chairman of the committee on
foreign relations, who arrived here
today to attend the congress hall
dedication, expressed his views on
the Mexican situation brought about
by the attitude of some European
governments with reference espe-
cially to the possibility that marines
might be landed. Senator Bacon's
view is that if any marines have to be
landed in Mexico, they should be
American marines.

President Wilson himself was al-
ient Mexican matters, but inas-
much as Senator Bacon knows the
administration's viewpoint intimately,
it is not unlikely that some of these
ideas will be included in President
Wilson's forthcoming note to the
powers against foreign interference
in Mexico.

Bacon's Statement

Senator Bacon made the following
statement:

"The sending of warships by other
governments is a recognized policy
in cases of great disorder where the
subjects or citizens of a country have
great interests needing protection. I
would not dispute the right under or-
dinary conditions, to land marines
wherever necessary for the protection
of personal property, but I think
it would be inadvisable under the
present circumstances for them to
land marines in Mexico, because that
might lead to unfortunate complica-
tions. I have no authority to speak
for any one but myself, but I think
if the subjects or citizens of any
need protection in Mexico, on ac-
count of which under ordinary cir-
cumstances marines would be land-
ed, it would be far better to call on
the United States, for whatever may
be absolutely necessary may be at-
tended to by American marines. I
say this because everyone must re-
cognize that in the present delicate
situation it is extremely important to
avoid anything that would tend to
produce the slightest conflict or fric-
tion between the United States and
any one of these foreign govern-
ments."

London, Oct. 25.—The Mexican
situation now occupies the most promi-
nent place in the public mind and
the press of the British Isles. It is
still held in official circles here that
the differences between the United
States and England are not such as
could possibly lead to any trouble and
that they will smooth themselves out
when all the facts shall have been
made known by Washington.

The greatest regret that exists here
that any sign of ill-feeling should
have been displayed in regard to the
situation. It is pointed out by of-
ficials that England, like other pow-
ers, recognized Provisional President
Huerta because she believed him to
be the best man to handle the critical
situation and she still holds that
opinion. Should, however, President
Wilson, after the elections of Sunday,
present as it is expected he will do,
a more practical solution of the diffi-
culty, it would be sympathetically
considered by England.

FOOTBALL FINALS

Princeton, Oct. 25.—Dartmouth 6,
